

Wine List

The List Breakdown

We hope our list inspires you to think about wine differently and potentially take a leap on something new. Bottles are placed within the categories of art styles, using texture and color to group them. All bottles are chosen with Indian cuisine in mind, meaning the focus is on wines that complement the bold spices and flavors of our menu. No matter if this will be your first bottle or your thousandth, if you want to spend \$45 or \$900, our sommelier team is excited to help you find something you'll love.

Abstract Expressionism

Out of the Box White, Rosé,
Orange & Red Wines

With bold strokes and techniques Abstract Expressionism introduced extreme new directions in art and relocated the world's attention. It is expressive of a rugged, individual freedom. These featured winemakers are working with unique grape varieties, aging their wines in unconventional materials, or showing a new (or potentially very ancient) side of a growing region
